

Lab Optimization, Networking & Broadcasting Solutions

ODYSSEY™ by STEREOTAXIS

ODYSSEY™

.....

The Odyssey™ Solution is a complete transformational solution that allows you to reach further by managing, controlling, recording and sharing clinical information across hospital networks and around the world.

.....

Odyssey™ is an unprecedented solution which integrates the complex array of clinical data into a synchronized, high-definition view that delivers real-time information anywhere at your fingertips. This solution surpasses boundaries often thought of as impossible to overcome, effortlessly transmitting a consolidated view of live and recorded procedure information with unprecedented clarity across existing hospital networks and throughout a global Odyssey Network.

LAB OPTIMIZATION

Transform how healthcare is delivered and managed with improved efficiency, consolidated information and case archiving and management.

- Operate the entire lab from a single, seamless mouse and keyboard using patented technologies.
- View every procedure in high definition where and when it is needed.

NETWORK COMMUNITIES

Educate and inform referring physicians, fellows and peers with broadcast capability from Odyssey Cinema Studio.

- Community hospitals gain access to the clinical expertise of major institutions for collaborative reviews and consultations.
- Major institutions grow by attracting patients when patient care complexity exceeds reasonable levels.
- Hospitals can market their clinical capabilities to build awareness regionally and globally.

“OUR VISION IS TO USE THE ODYSSEY NETWORK TO SIGNIFICANTLY ACCELERATE THE ADVANCEMENT OF ELECTROPHYSIOLOGY WORLDWIDE. THIS CREATES A NEW STANDARD BY ALLOWING HOSPITALS TO HAVE A POWERFUL MARKETING TOOL AND ENABLING PATIENTS ON THE ODYSSEY NETWORK TO RECEIVE ENHANCED CARE AROUND THE WORLD.”

*Andrea Natale, M.D., F.A.C.C.,
Executive Medical Director of the Texas Cardiac
Arrhythmia Institute, St. David's Medical Center, Austin, TX*

DEVELOP NEW MARKETS

Develop new markets with patient and referring physician outreach programs enabled by Odyssey Cinema Studio.

- Easily prepare and deliver innovative training programs and case presentations.
- Access captured information from offices, conference rooms and even remotely from wireless laptops while traveling around the world.
